

AMTEC MOLDED PRODUCTS

Our Quality Policy

AMTEC's management and employees are fully dedicated and committed to providing superior engineering, combined with quality tooling and workmanship, resulting in high quality, defect-free product, on time, every time.

This commitment to quality is reflected in our daily products and services, in our Company's mission statement, and in the following Quality objectives:

- ❖ Provide exceptional quality products and services by striving to exceed our customer's expectations.*
- ❖ Maintain and continually improve our formal quality system to meet and exceed IATF 16949 standard.*
- ❖ Foster an atmosphere of continuous process improvement and problem prevention.*
- ❖ Empower employees so that they can actively support and improve the systems affecting their work.*
- ❖ Provide education and training to all employees to support their health, welfare, and safety as a top priority.*
- ❖ Communicate our mission and quality objectives to all employees.*
- ❖ Develop relationships with our suppliers that emphasize continuous improvement in product quality, service and support.*
- ❖ Provide a team-oriented work environment.*

AMTEC Molded Products

ENVIRONMENTAL POLICY

AMTEC Molded Products (AMTEC) will produce competitive products to meet or exceed customer requirements while operating in an environmentally responsible manner. AMTEC is committed to an effective environmental management system designed to accomplish our strategic business objectives. To that end we shall:

- AMTEC commits to comply with applicable federal, state, and local environmental laws, and meet other environmental commitments we make.
- AMTEC commits to promote protection of the environment, including pollution prevention and other commitments, through improved process efficiency, source reduction, reuse, and recycling.
- AMTEC commits to conduct business so that environmental issues are managed as an integral part of current and changing business strategies and processes.
- AMTEC commits to continually improve the environmental management system to enhance environmental performance.

AMTEC's environmental objectives will be driven by the core components noted above. The Environmental Policy will be communicated to our employees, and will be made available to the public also referred to in other documentation as interested parties upon request.
